

WHO ARE WE?

Technology Ed is a leading provider of workforce development online training on energy sector and related science, engineering, quality, regulatory, and management topics. Our training program is a subscription solution (with an unlimited company license).

Our programs are designed by a team of industry experts from each respective field, who work to provide your employees with an effective web-based learning experience. Instructors/mentors are available during your online learning experience.

1. *Learning modules (30 minutes each)*
2. *Self checks*
3. *Final situational assessment*
4. *Supplemental tools/resources*

We know you'll appreciate the quality as well as the convenience of anytime, anywhere learning!

We are a member of the American Association for Adult and Continuing Education.

WHO ARE OUR PARTNERS?

Educational Partners

Government and Industry

Employees from leading organizations such as British Petroleum (BP), Oil States, Cargill, and Rock Water Energy Solutions have benefited from our online training programs.

WHAT DO WE OFFER?

We offer 20+ energy-related online training courses (30 minute modules) that can be provided as a subscription solution for your organization.

Conventional Energy

- Petroleum Chemistry
- Petroleum Processing
- Clean Coal Technology

Renewable Energy

- Biofuels: An Introduction
- Cellulose Ethanol
- Algae Biofuels
- Biomass Treatment Technologies
- Switchgrass Ethanol Biofuel Production
- Sugarcane Ethanol Biofuel Production
- Nuclear Power & Energy
- Solar Energy Fundamentals
- Wind Energy Fundamentals
- Energy Nanotechnology
- Fundamentals of Biotechnology
- Agricultural Biotechnology

Energy Manufacturing

- Industrial Biotechnology
- Planning & Scheduling
- Process Safety Management
- Maintenance & Reliability Management
- Change Control & Management
- Process Validation
- Equipment Validation
- Quality Control
- Quality Investigations
- Quality & Statistical Tools
- Design of Experiments
- Six Sigma

HOW TO REGISTER?
