

WHO ARE WE?

Technology Ed is a leading provider of workforce development online training on manufacturing industry and related science, engineering, quality, regulatory, and management topics. Our training program is a subscription solution (with an unlimited company license).

Our programs are designed by a team of industry experts from each respective field, who work to provide your employees with an effective web-based learning experience. Instructors/mentors are available during your online learning experience.

1. *Learning modules (30 minutes each)*
2. *Self checks*
3. *Final situational assessment*
4. *Supplemental tools/resources*

We know you'll appreciate the quality as well as the convenience of anytime, anywhere learning!

We are a member of the American Association for Adult and Continuing Education.

WHO ARE OUR PARTNERS?

Educational Partners
